## Warranty

The Company warrants the equipment to be free from defects in material and workmanship under normal use, proper installation and proper operating conditions. Except as to warranties of title, this limited warranty is expressly in lieu of and excludes and supersedes all other warranties and representations, express or implied from the Company, including any implied warranty of merchantability or fitness for any particular use.

The Company's liability under this limited warranty shall be limited to repairing or replacing any parts which prove defective, at its factory in Calgary, Alberta, Canada, if returned to the Company's said factory, with shipping charges prepaid, within a period of 90 days from the date of shipment. There shall be no liability for anticipated profits, nor consequential or incidental damages, direct or indirect, for loss of use of the equipment or of any installation into which the equipment may be put under this limited warranty.

The Company's liability for warranty of component parts included in the equipment which the Company has purchased as a manufactured unit from a recognized manufacturer thereof, shall be no greater than the warranty liability assumed by the supplier or manufacturer of such component parts. In no event shall the Company be liable for consequential or incidental damages resulting directly, or indirectly, from the failure of such component parts.

It is the Company's policy that it is the responsibility of the employer-owner of the equipment, and not the Company, to comply with the provisions and regulations under the Occupational Health & Safety Act of 1970 as well as any other Federal, State, or Local standards which might exist as to health and safety.
